What happens next?

Thank you for attending your assessment with our Wellbeing team.

As explained in your assessment we run a six month wellbeing programme, with an aim of completing all interventions within this time to ensure that you get the most out of your recovery.

The workshops, courses and peer support groups that you attend, will all be relevant to the goals set out in your recovery plan. You will receive a text invite to these interventions, which you will need to respond to by calling the office to let us know if you are able or unable to attend, failing to do so could mean that you are removed from the waiting list.

Workshops (2 hour sessions)

- Wellbeing Workshop
- Anxiety Management
- Building Self-Esteem
- Relationships
- The Energiser
- Stress Management
- Understanding Depression

Courses (1 - 2hour sessions, over 6 weeks)

- Everyday Mindfulness
- Anger Management
- Assertiveness
- Symptom Management

Reviews

Following on from your assessment, you will receive a mid-point review at three months to review your recovery journey and goals. This is followed by a final review at six months, once your journey with Mind is complete. If you feel you require any additional support before your review is due, please call the office to speak to a member of the team.

Wellbeing Maintenance Plan

Once completing your recovery journey with Mind, you will complete a Wellbeing Maintenance Plan. This will aid you in maintaining your wellbeing by reaffirming the skills you have already learnt. This plan also looks at connecting with other external agencies, whilst still accessing our peer support groups.
